Charles F. Crisp of Georgia was the favorite candidate for Speaker of the House then. Mr. Clark is now. Mr. Crisp was so busy that he had to open head ouarters at the old Metropolitan Hotel, down on Pennsylvania avenue, where most of the Democrats stooped in those days. There was not any Committee on Committees then, and Mr. Crisp was besieged night and day in his 100 in the shade red plush suite in the Metropolitan by Democrats in hot frock coats and wool hats, who demanded committee places and patronage and all sorts of favors at the disposal of the presiding officer of the House. Not only did the Democratic rank and file congregate at the Sherman act. And they assembled in August.

Champ Clark, however, is not worrying over the changed conditions. He is in fact responsible for the assignment of Democrats to committees by the and Means members instead of by the Speaker. Ways and Means Committee Supreme in Naming Committees. The Hog Combine Abolished and Patronage to the Distributed Pro Rata by a Committee.

Washington, March 30. With the convening of the special session of the Sixty second Congress only a few days off it is becoming more apparent that a new era is about to dawn in the House of Representatives. Perhaps 'dawn' is not just the word to describe the radical departures that are to differentiate this coming session from those that have gone before. But it is certain that traditions are to be upset and precedent manufactured, that old customs are to be replaced by new and that ancient practice is to be supplanted by modern theory.

It is impossible to predict what the result will be after the new system has been tried, with the Speaker stripped of power, the Ways and Means "oligarchy" supreme in the making of committees and policies, the "hog combine" abolished and patronage reduced to a scientificant provides the meeting of that body to-day.
